# WELCOME TO PARADISE

Peacock Paradise is a magical place in between a forest and a valley in the North of Ibiza. It consists of a newly built villa (300 m2) in authentic Finca style where we live, and a separate private guesthouse (125 m2) in the souterrain. You are surrounded by nature, animals, and peace and there are many great hotspots nearby! The guesthouse provides total privacy with its own entrance, incl. a living room, bedrooms, bathroom, equipped kitchen and everything you need!

**It's your home away from home**  
*Mi casa es tu casa*

Ibiza is known for its great weather, so you will probably spend most of the time outside! The tropical garden and plot are immense, so there is enough space to laid-back solo or enjoy some fun around the pool, spa & gym area. The swimming pool (incl poolboy) is salt water based, its super soft for your skin, eyes & hair. Boost your day with a walk through the tropical garden with many fruit, olive and citrus trees, and Mediterranean herbs all around. The smell is fantastic!

Good to know 

## Bhalu

This is our sweet dog! He lives in our house, but he will also walk around in the garden now and then for some playtime or chillings! He looks big, but he is still very young, just 1 year old. He had good training & socialisation. He loves to cuddle with guests or might look at you with those soulful eyes. Bhalu is goofy and very emotional intelligent, he is not aggressive, but sometimes he barks, oh and he is very loyal to kids! Especially in summer he will sleep almost all day!

## Pauwie, Pepe, Pablo & Pipi

The wild Peacocks sleep in the forrest, but they are curious creatures and love to wander around our finca & garden; especially during sunset & sunrise. You will see them drinking from the swimmingpool, chillings on the roof and they will greet you. You can feed them and sometimes you can even witness their dancing act when they show their beautiful feathers and try to impress you!

ADIOS,  
HASTA LA VISTA!

is a real hidden gem"*
